

From 2013 to 2016 the Campos EPC Community Outreach Program will have:

- Awarded **70** students college [SCHOLARSHIPS](#)
- Sent **250** high school students to engineering focused [SUMMER BRIDGE PROGRAMS](#) at major Colorado universities:

- Hosted **245** high school students at our headquarters through our [JOB SHADOW PROGRAM](#)
- Funding participation for the [ENGINEERING LABORATORY](#) at MLK Early College that will be used by over **250** students per year
- [MENTORED 5](#) future engineers, ranging from 5th to 11th grade
- Fully-funded the Campos EPC [STEM SMARTLAB](#) at Samuels Elementary School that will expose **500** Kindergarten - 5th grade students to engineering and cutting-edge technology
- Created the Denver Public Schools (DPS) CEPC SmartLab Challenge; **50%** Funding CEPC & **50%** Funding DPS/DPS Foundation. **3** new DPS elementary school [SMARTLABS](#) in-service 2016 & **3** new DPS middle school [SMARTLABS](#) in service 2017. The CEPC SmartLab Challenge forecasted to impact **3000** students per year
- Awarded **16** college engineering students with paid summer [INTERNSHIP](#) experiences
- Participation on the Colorado Governor's [STEM ADVISORY BOARD](#); The Colorado Education Initiative [\(CEI\) STEM CHAMPION](#)
- Established the historical first dedicated Multicultural Engineering [CURRENT USE/ENDOWMENT SCHOLARSHIPS](#) at Colorado School of Mines
- Established the STEM Summer Program "[ENGINEARME](#)" at CU Boulder
- Established the STEM Summer Program "[ENVISION](#)" at Colorado State University
- Created the [STEM SUMMER PROGRAM ALLIANCE](#) between CU Boulder and Colorado State University impacting **100** high school students each summer
- Participation on the DPS College and Career Pathways Council
- Participation on the DPS Mill Levy Oversight Committee
- Participation on the University of Colorado at Boulder Civil, Environmental, Architectural Engineering Department Executive Advisory Board
- Participation on the University of Colorado at Boulder [BOLD ADVISORY BOARD](#)
- Perpetual [CEPC ENDOWMENTS](#) established at the University of Colorado-Boulder and the University of Colorado School of Mines
- Responsible for the inaugural securing of a [SMARTLAB](#) for DPS Charter School; Girls Athletic Leadership Schools-Denver (GALS-Denver)
- Responsible for the 2016 inaugural dedication of [TECHNICAL RESOURCES](#) for a Los Angeles United School District (LAUSD) Charter School; Girls Athletic leadership Schools-Los Angeles (GALS-LA)

IMPACT

- Nearly **2,700** students materially impacted
- Programs at:
 - 3** major Colorado universities
 - 4** Denver high schools
 - 4** Denver elementary school
- Over **\$900,000** in direct contributions
